WEATHER PROBABILITIES.—For this section fair and warmer tonight and Friday; light southerly winds.

Judge Nicol.

In an interview in Leesburg a few days since the Mirror says that Judge C. E. Nicol stated that he had decided to decline the proffered presidency of the banking and trust company, now being organized in Alexandria, and would, therefore, remain judge of this judicial district.

In reference to the reported decision of Judge Nicol the Leesburg Mirror says: Upon receipt of the information that Judge Nicol would not retire from the bench the members of the Bar and the officers of the Court held a meeting and adopted the following resolutions:

At a meeting of the Bar and the officers of the Circuit Court of Loudoun county, Virginia, held on Friday, Oct. 23rd, 1903, it was

Resolved.—That it was with much regret that we have heard of the possible resignation of Hon. Chas. E. Nicol as judge on the judicial circuit of which the county of Loudoun is a part, and it is with genuine pleasure that we now learn that Judge Nicol has determined to remain in office, and we desire to express the sentiment of the Bar and officers of this Court, showing the very high esteem in which he is held, both as a man of unblemished character and as an able, conscientious, upright judge, and we sincerely trust that for many years to come he may fill this high and honorable position and discharge its responsible duties with the same efficiency and consideration towards the officers of the Court and its litigants which have so endeared him to our people.

There is a decided mistake in that part of the above article which states that Judge Nicol had decided to decline the presidency of the Alexandria National Bank. At a conference of the organizers of the bank held in here last night Judge Nicol announced his acceptance of the presidency of the bank and stated that for the present he would retain his position on the bench. The matter of the trust company is held in abeyance. At the meeting the general plan of the bank was discussed and it is understood that the amount of capital, \$100,000, divided into 1000 shares of \$100 each, has been subscribed. Mr. W. B. Smoot, it is understood, will be vice president and a board of directors will be named later. The matter of officers, &c., for the new bank will, of course, be left to the directors. Plans for putting the bank in operation will now take definite shape and the building recently purchased at the corner of King and Royal streets will at once be overhauled and put in order.

The many friends of Judge Nicol throughout the district will be glad to hear that he will not retire from the bench. They all believe that there are higher honors yet in store for him.

Railroad Matters.

Parties representing the Pennsylvania Railroad and Mr. Benjamin Baggett have arrived at a satisfactory understanding concerning several acres of land now owned by Mr. Baggett on King street extended, and the sale of the same to the railroad company will be consummated in a few days. This will give the company a clear stretch of land from St. Asaph to the tracks of the Washington Southern Railway south of the Catts and Watkins property in West End. It is now positively affirmed by those in positions to know that the new union depot will be erected at the upper end of King street, and that the structure will be of dimensions and pattern to accommodate the patrons of the several railroads which now centre in this city. Alexandria never has had a depot suitable for its commercial importance, and all will rejoice to know that the present eyesores in the shape of structures which would hardly be tolerated in rural portions of Nebraska are destined to pass away at an early date. Suggestions are now being made by officials of the railroads and others as to a proper approach to the proposed depot, as when it shall have been built pavements and a suitable roadway should be constructed. At present several squares at the extreme western end of King street are virtually without sidewalks, while the roadway is unsightly. It is thought that some understanding could be arrived at between the electric railway company and the city by which the former would be allowed to double-track the thoroughfare from Payne street to Hooft's run provided a proper roadway were constructed by the company. Many now think, as they did a year or more ago, that the company should have been allowed to double-track King street at the time the vitrified brick pavement was laid. The company, it was understood at the time, was ready to make satisfactory arrangements with the city as to the cost of such improvement, but the authorities, for reasons best known to themselves, would not entertain the proposition.

Last Night's Performance.

Judging from the patronage bestowed upon Conroy and Mack and their company, that troupe must be gaining in popularity. The attraction last night was "The Lights of Gotham," one of the best pieces in the repertoire of the company, which was well presented in every detail. Some pretty scenery was used, especially that of the Brooklyn bridge and the harbor of New York. The specialties were again pleasing. Tonight the company will present the domestic comedy-drama, "A Woman of the World," with special costumes and scenery. On Saturday night the attraction will be the late Roland Reed's success, the comedy-drama "Humbug."

Knights Cancel Invitations.

In consequence of the likelihood that travel from Washington may be impeded next Sunday night so as to prevent the attendance of Knights of Columbus from the capital; and, also, because it is not certain that the new organ of St. Mary's Church will be completed at that time, Fitzgerald council, K. of C., has cancelled its invitations to a vesper service at that church next Sunday night. The Knights had a social supper at the Opera House Cafe last night after the meeting.

Seven lodgers were at the station house last night.

Sig. Santelle's Circus.

The great Sig. Santelle colossal \$100,000 menagerie, royal Roman hippodrome, three-ring circus and historical wild west exhibited before a large audience at the old fair grounds this afternoon. More than twice their former size, the Santelle shows this season present an imperial programme, the like of which has never before been given by any traveling circus. There are over 300 employees and among these number are artists from all quarters of the globe, including an unusual allotment of kings and queens of all champion riders, who display every conceivable form and diverse figure of equestrianism; peerless tumblers and acrobats, who perform the most intricate feats with no effort whatever; incomparable champions of the juggling art, who render seemingly impossible acts; past masters of acrobatic endeavor and accomplishment, in complex gymnastic feats unprecedented and immeasurably beyond all previous efforts in this direction. Sixty-three horses will appear in one of the equestrian features. The circus reached St. Asaph Junction on 28 cars at an early hour this morning, and the work of unloading and transferring it to the old fair grounds was immediately begun. The weather today has been all that could have been desired, it being that of Indian summer, and large numbers of people proceeded out Columbus street to St. Asaph to witness the embarkation. At an early hour the old fair grounds was alive with people, and as the day advanced the assemblage became more dense. The main streets were also thronged with young and old anxiously anticipating the grand parade, always an interesting feature of a circus. The pageant of this show was on an elaborate scale and was replete with many cages of rare wild animals, bands of clever musicians, lustrous chariots, elephants, camels, jockey, hurdle and chariot riders of both sexes and as many bright brilliant features as were ever seen in a similar pageant in Alexandria. A steam calliope brought up the rear. The parade was greatly enjoyed. Most of the younger generations of the city attended the performance this afternoon. There will be another exhibition tonight when many who were unable to be present this evening will be on hand.

Personal.

The condition of Mr. George Washington, whose right arm was amputated below the elbow on Tuesday night, is improving.

Mr. George H. Hayden today received an appointment to a position in the government printing office in Washington. Dr. and Mrs. Henry R. Elliott have gone to Baltimore, where their little daughter will undergo a surgical operation. Dr. Elliott will return to Alexandria to-night.

Colonel James R. Caton, of Alexandria, who will return as a member of the next legislature, was a guest at Murphy's, yesterday. The colonel says that he is for Swanson, first, last and all the time, for the governorship, and expects to see his favorite walk off with the prize. [Richmond News-Leader.]

Mrs. Mattie Hall, who was recently operated upon by Dr. Rittenour, assisted by physicians from Washington, is improving. Mrs. Hall was trepanned in order that relief might be obtained from a trouble of long standing.

Judge J. K. M. Norton has gone to Lynchburg on legal business.

Mrs. Mary A. Hurst, of Fauquier county, is visiting the family of Mr. C. W. Moore, in this city.

Mr. G. L. Mullen has declined the appointment of game warden for this city.

The members of the Alexandria Golf Club are being entertained this evening at the clubhouse on Shooter's Hill by Miss Lida Wattles. The event is in honor of Miss Lippett, of Berryville, and it will be one of the most pleasant functions of the season.

Wedding.

Mr. Ashton Jones, of Whiting, Indiana, and Miss Alice Lewis, of Albemarle county, were married yesterday afternoon at Christ Church, the ceremony being performed by Rev. Valentine Jones, brother of the groom. The bride was attended by her sister and Mr. John S. Jones, brother of the groom, was best man. Among those present at the ceremony were Mrs. Beverly Mason, of Washington; Mrs. W. A. Smoot, of this city, and Mr. W. Albert Smoot, jr.

Hunting Season.

Hunting season begins November 1st, and continues to December 31st. Game is said to be more plentiful in some sections of the State than has been known for several years, but the farmers are determined to protect it and are having their farms more rigidly posted than ever before. It would, therefore, be well for sportsmen to be sure they are right, by obtaining permission from owners of farms, before starting out with dogs and gun.

Board of Aldermen.

An adjourned meeting of the Board of Aldermen was to have been held last night to consider sundry papers disposed of by the Common Council last Tuesday night. But three members appeared—Messrs. Burke, Marlbury and Clark—and at eight o'clock it was determined to adjourn until the next regular meeting night, November 10.

Accident to a Youth.

William, son of Officer Allen, was the victim of a serious accident at the Belle Pre Bottle works a day or two ago. The youth, who is an employee of the works, accidentally fell into a wheelbarrow filled with broken glass. His right hand was almost split open, and he received some minor injuries. He was attended by Dr. Gibson.

Deaths.

Carrie Bertha Hammerly, only daughter of Julia A. and the late Joseph Archer Hammerly, died in Washington yesterday. The family formerly lived in this city.

Mabel M., daughter of Mr. F. J. W. and Mrs. Mary Palmer, died in Washington yesterday.

Lyceum Euchre Party.

All arrangements for the euchre party to be given by the Young Men's Sociality Lyceum tonight have been perfected, and an enjoyable time is anticipated. The Lyceum euchre parties have always been of an interesting nature, and that tonight will be equally as entertaining as those heretofore given.

LOCAL BREVITIES.

The Ladies' Confederate Bazar Association will meet at Lee Camp Hall tomorrow night at 7:30 o'clock.

Mr. Peter Grogan, originator of the installment system of purchase, and a well-known furniture dealer of Washington, died at his residence in Baltimore, yesterday.

Officer James W. Griffin kept close espionage today on the Confederate monument at the corner of Washington and Prince street while the circus was passing that point. The last circus which exhibited here injured some of the vase.

The tug George W. Pride, which was towed to Washington Monday evening last in a disabled condition, has been brought to the shipyard here for repairs. The Pride is owned here, but is under charter to the Columbia Sand Company.

"Tom," a huge feline, for a long time a pet of the employees at the Southern Railway depot at Duke and Henry streets, was run over and killed by a train yesterday. "Tom" had a thrilling adventure some time ago when a colored fireman cast him into the furnace of a locomotive. The darkey a few moments later opened the door and the cat jumped out with its fur considerably scorched.

Marriage licenses were issued in Washington yesterday to Gurley H. Gibson, of Marshall, and Ada E. Roome; William A. Whiteley, of Preston, Md.; and Lucy L. Courtney, of Ellis Run; Robert E. Lee and Levenia Peterson, both of Haymarket; Forrest Foote and Fannie Deary, both of Fairfax county; Charles L. Haley and Lucy Smith, both of Caroline county; and Harvey L. Wildman and Eliza E. Vets, both of Loudoun county.

Two shoats belonging to a herd which were being driven up Prince street yesterday evening ran away from the others and ascended the steps leading to the room in the building owned by the Alexandria Kindergarten.

The trustees of the Alexandria Hospital met today and concurred in the action of the lady managers of that institution in declaring it inexpedient at this time to have a resident physician for the hospital.

Henrietta Burton, a respected colored woman of this city, died at the Alexandria Hospital last night. The deceased had been suffering from a stroke of paralysis.

Conductor Laycock, of the Washington Southern Railway, had one of his hands seriously mangled while at work at the depot in this city yesterday.

There were no cases on trial in the Police Court this morning. The officers on duty last night report the city as having been quiet.

The Modern Woodmen of America held an interesting meeting last night. Nine applications for membership were received.

The night crew of the B. & O. transfer barge has again been dispensed with.

A valuable horse belonging to Mr. William Rogers is suffering from lockjaw.

Messrs. G. E. Price & Co. will have trout, tailors, rockfish, sturgeon and oysters in market tomorrow.

Only a Very Few Published.

It is not possible for the proprietors to publish more than a few of the numerous letters received in praise of Chamberlain's Colic, Cholera, and Diarrhoea Remedy and telling of its remarkable cures. They come from people in every walk in life and from every state in the Union. The following from Mr. T. W. Greathouse, of Prattburg, Ga., speaks for itself: "I would have been dead now but for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me of chronic diarrhoea after several years of suffering. I can never say too much in praise of that remedy." For sale by Richard Gibson.

A boon to travelers. Dr. Fowler's Extract of Wild Strawberry. Cures dysentery, diarrhoea, sickness, nausea. Pleasant to take. Acts promptly.

A Perfect Painless Pill

is the one that will cleanse the system, set the liver to action, remove the bile, clear the complexion, cure headache and leaves a good taste in the mouth. The famous little pills for doing such work pleasantly and effectually are DeWitt's Little Early Risers. Bob Moore of Lafayette, Ind., says: "All other pills I have used gripe and sicken, while DeWitt's Little Early Risers are simply perfect." Sold by all druggists.

Tomorrow, Friday,

REMNANT DAY.

A whole lot of pretty, useful things for personal adornment and to brighten and make the home more comfortable may be planned from the large and varied collection of remnants to be found here tomorrow—and at a very little expenditure of money.

Busy selling among the dress goods and silks has caused the remnants to collect more rapidly than ever. Lengths vary—there are waist, skirt and children's dress patterns in the gathering.

Bargains all over the store. The week's odd lots, broken assortments, one-of-a-kind things, short lengths—remnants of whatever kind—will afford most unusual buying opportunities.
